Building Community
Since 2002

ABOUT US

PNMGC was founded during the 2002-03 academic year by a group of UNM graduate students of color who recognized the need for support in strategic areas. Our organization is dedicated to helping students succeed at both the undergraduate and graduate levels by providing opportunities for mentorship at the university. In addition, we organize and facilitate events which promote on-campus networking between administrators, faculty, and other students.

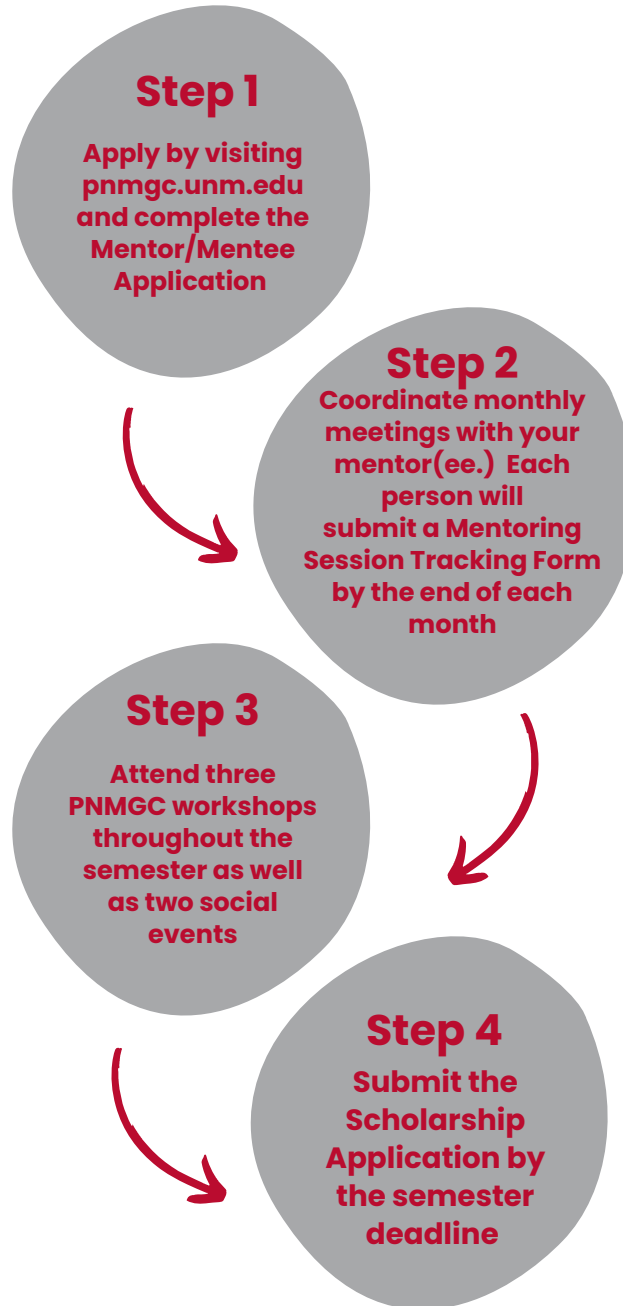

MISSION STATEMENT

PNMGC is a student-led program working to retain graduate and undergraduate students of color through ongoing peer mentoring that provides academic, cultural, and emotional support.

VISION

Academic success through peer mentoring among socially and culturally diverse student communities on campus.
