Project for New Mexico Graduates of Color (PNMGC)
OVERVIEW

The PNMGC was founded during the 2002-03 academic year by a group of UNM graduate students of color who recognized the need for support in strategic areas. Our organization is dedicated to helping students succeed at both the graduate and undergraduate levels by providing opportunities for mentorship at the university. In addition to promoting mentoring interactions, we organize and facilitate events including workshops, social dialogues, and more which promote on-campus networking between administrators, faculty, and other students.

MISSION STATEMENT

The PNMGC is a student-led program working to retain graduate and undergraduate students of color through ongoing peer mentoring that provides academic, cultural, and emotional support.

VISION STATEMENT

Academic success through peer mentoring among socially and culturally diverse student communities on campus.
