*requirements are subject to change each semester

OVERVIEW

PNMGC was founded during the 2002-03 academic year by a group of UNM graduate students of color who recognized the need for support in strategic areas. Our organization is dedicated to helping students succeed at both the undergraduate and graduate levels by providing opportunities for mentorship at the university. In addition, we organize and facilitate events which promote on-campus networking between administrators, faculty, and other students.

Mission Statement

The PNMGC is a student-led program working to retain graduate and undergraduate students of color through on-going peer mentoring that provides academic, cultural, and emotional support.

Vision

Academic success through peer mentoring among socially and culturally diverse student communities on campus.

Strategic Areas

- Academic Support
- Leadership Initiative
- Social Support and Networking
- Mentorship
